It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

1 review Become the Invisible Predator! The Joker has wrestled control of Arkham Asylum from the guards and now the inmates are literally running the asylum. Only one person can bring back the sanity to Gotham City--Batman.

Batman: Arkham Asylum Signature Series Guide by Doug Walsh

A year has passed since the riots at Arkham Asylum, and things are no better. The city's criminals are being housed in the old slums of Gotham City, dubbed "Arkham City." Although TYGER guard forces are active, violence is commonplace, and literally no one on the outside seems to care about what's going on. Batman watches from the shadows.
