Oxford Handbook of Free Will - Oxford Handbooks

This article explores a variety of conceptions of moral responsibility and their connection to the idea of free will. Its main focus is on the challenge of causal determinism. Much has been written recently about free will and moral responsibility. This article focuses on the relationship between free will, on the one hand, and various notions that fall under the rubric of "morality," broadly construed, on the other: deliberation and practical reasoning, moral responsibility, and ethical ...

Free Will and Moral Responsibility - Oxford Handbooks

Abstract and Keywords. This article takes an experimental approach to the question of whether we have free will, with special reference to the role consciousness plays in free voluntary action. It shows that voluntary acts are preceded by a specific electrical charge in the brain (the "readiness potential"), which begins several hundred milliseconds before the human subjects become consciously aware of their intention to act.

Do We Have Free Will? - Oxford Handbooks

This comprehensive reference provides an exhaustive guide to current scholarship on the perennial problem of Free Will--perhaps the most hotly and voluminously debated of all philosophical problems. While reference is made throughout to the contributions of major thinkers of the past, the emphasis is on recent research.

The Oxford Handbook of Free Will by Robert H. Kane

This Handbook contains everything you need to answer all your queries on the issue of free will. The editorship is simply superb. Essays are arranged in a highly meaningful order.

Amazon.com: Customer reviews: The Oxford Handbook of Free ...

While there is some overlap, much of the material is new. This book might better be labeled "The Oxford Handbook of Free Will, Volume II." The new and updated material is, to my mind, an advance over the original. It concentrates a bit less on the determinism problem and Frankfurt examples than the first.
