Atomic Clocks may also be set manually and be very accurate. Simply insert the battery, press your time zone and then press the flap just above the left side of the battery. Hold until you reach the correct time and then release. Your clock is now an accurate quartz clock until it will find the signal.

Be on time with RadioShack's Battery-Powered Big-Digit Alarm Clock. It's powered over a year by a pair of "AA" alkaline batteries (sold separately - see Cat. #2302213).

### Battery-Powered Big-Digit Alarm Clock - RadioShack

Decent projection clocks are getting hard to find and are not cheap. This is a discontinued model and no longer available from Radio Shack, it seems. Even though this is a Radio Shack product (which I normally avoid like the plague), this clock seems very well made and is a substantial piece of electronics.
