MANUAL BROCHURE. Description. The 6Runner 14 is a heavy duty power chair that is designed for the daily user. It sports a mid-wheel drive system and has the added stability of having six points of contact with the ground.

### **Shoprider 6 Runner 14" Heavy Duty Power Chair**

I think that this is usual to have a slower reverse speed for safety. But on your shoprider you should have 4mph and 8mph, usually if you are at 8mph it won't reverse at that speed, you have to go to 4mph, look in front of you there is a dial this controls the speed that you go forward and reverse. If reverse speed needs to be increased turn the dial up, but don't forget this also increases forwards.
