The Military Collapse Of Chinas

This book examines the military collapse of China's Ming Dynasty to a combination of foreign and domestic foes. The Ming's defeat was a highly surprising development, not least because as recently as in the 1590s the Ming had managed to defeat a Japanese force considered to be perhaps the most formidable of its day when the latter attempted to subjugate Korea en-route to a planned invasion of China.

Short of China's losing a direct military conflict with the United States, the party can conceivably hang on to power. That said, a regime beset by economic stagnation and rising social unrest at home and great-power competition abroad is inherently brittle. The CCP will probably unravel by fits and starts.

China's Coming Upheaval | Foreign Affairs

In contrast to conventional explanations for the Ming's collapse, which focus upon political and socio-economic factors, this book shows how the military collapse of the Ming state was intimately connected to the deterioration of the personal relationship between the Ming throne and the military establishment that had served as the cornerstone of the Ming military renaissance of the previous decades.
