### The Tao Of Daily Life

Early life and career. Tao was born in Urbana, Illinois to Sam Tao, an engineer, and Mingfang Ting, a research scientist. Both parents were born in China and earned doctorates from Princeton University. Hearing his older sister Connie's piano lessons, Tao began to plink out children's songs on the piano, by ear, at the age of 18 months. He gave his first piano recital at age 4.

This intuitive knowing of "life" cannot be grasped as a concept; it is known through actual living experience of one's everyday being. Laozi in the Tao Te Ching explains that the Tao is not a "name" for a "thing" but the underlying natural order of the Universe whose ultimate essence is difficult to circumscribe due to it being non-conceptual yet evident in one's being of aliveness. [citation ...

The Tao Te Ching provides the basis for the philosophical school of Taoism, which is an important pillar of Chinese thought. Taoism teaches that there is one undivided truth at the root of all things. It literally means: = tao (the way) = te (strength/virtue) = ching (scripture) The verses of the Tao Te Ching are written in ancient Chinese, which is very different from English. Abstraction and ...
