Eccentric Orbits The Iridium Story

Eccentric Orbits masterfully traces the development of satellite technology, the birth of Iridium, and Colussy's tireless efforts to stop it from being destroyed, despite having doors slammed in his face by all of Wall Street. Piecing together funding from a motley group of investors that included a mysterious Arab prince and friends of Jesse Jackson, he eventually made his case before the most powerful people at the Clinton White House, the Pentagon, the FCC, intelligence services, and a ...
