Storad SRC252 Storage Heater

I have just recently moved into a flat which has Storad electric storage heaters and am not sure how to use them efficiently. They have a dial from 0-5 on the left hand side which I think is for the convector heater and on the right side two switches. The left one has one dot below it, the right has two dots and inbetween them are three dots.

Storad SRC 252-1 convector heat ceased? Last week the thermostat light on the energy regulator went out and the convection heat ceased. The thermostat continues to 'click' but I am not sure if it is actually working. The thermostat control is also now making a slightly different elongated sound which it was not doing before.
