The Thirty-six Chinese Strategies or Stratagems are a collection of tactics that can be applied to very different situations. In China, the tactics are somewhat like proverbs or folklore. They have been described as “gems that speak to the cores of Chinese society.” Chinese children learn them just like Americans learn nursery rhymes.

Rather than being a work authored by a single person, the 36 Stratagems is a collection of warfare wisdom that was derived over many centuries of inter-state conflict within China. Many of the stratagems involve deception of some kind and may be used in changing minds, though of course the values of modern society act to moderate effective action.
